### **Belcanto Principles Theory and Practice Workshop Katia Losito**

This online workshop offers a practical introduction to some of the core principles of the Italian bel canto tradition, explored through both theoretical explanation and guided vocal practice.

The workshop will take place after the International Singing Camp®, with dates to be announced. It will consist of three online sessions of approximately one hour each. In every session, one fundamental principle of bel canto will be presented and explored through three steps:

- Understanding the principle - a clear explanation of the concept within the bel canto tradition.
- Physiological insight - a brief explanation of what happens in the voice and body when the principle is applied correctly.
- Practical application - guided vocal exercises designed to help singers experience the principle and integrate it into their singing.

Participants will also be encouraged to apply the exercises directly to songs, allowing them to experience how bel canto principles can support vocal freedom, fluidity and efficiency in real musical contexts.

This workshop is open to singers of different styles and levels who are interested in understanding how the Italian vocal tradition can support healthy, natural and expressive singing today.

# Jam Session

## One of the camp's most exhilarating highlights!

If you've never experienced a Jam Session, a dedicated workshop, "How to Perform at a Jam Session", will guide you through the essential skills needed to confidently navigate your role as a singer in this setting.

In essence, a Jam Session represents a harmonious blend of musicality and social interaction, offering both novices and experienced musicians the opportunity to share in the joy of music making, broaden their artistic palette and forge meaningful connections within the musical community.

## Candlelight Party

Step into a magical evening at our Candlelight Party. Under the soft glow of candles, participants are invited to share their personal stories and sing a song that represents their narrative. This unique event offers a chance to perform in a warm and intimate setting and you are encouraged to sing in your own language if you wish. This personal touch adds depth to the storytelling experience, allowing each participant to express their individual journey through music. It's a heartwarming opportunity to connect with others and celebrate the diverse backgrounds and experiences within our camp community.

## Singing Relay

Get ready for a lively and interactive Singing Relay! In this energetic event, each participant will have their moment in the spotlight to sing a pre-selected song while the rest of the group dances along. There's no time for introductions; instead, the focus is on seamless transitions and high energy. As one person sings, the others create a vibrant dance atmosphere, making it a dynamic and engaging experience for everyone involved.
